DETAILED ACTION***Claim Rejections - 35 USC § 112***

Claims 47-54 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Applicant cites to Specification, Examples 1-5 and original claims 5 and 18 for support of said claims. However, there does not appear to be support for the limitation "kills no more than about 20% of the *Proteus mirabilis*", as such, it does not appear that it would be readily apparent to one of ordinary skill in the art that Applicant intended said limitation at the time the Application was filed.

Examiner has duly considered Applicant's arguments but deems them unpersuasive.

None of the examples discloses an end point of 20%. Applicant could have just as well picked less than 50%. As such, the amendment constitutes new matter. See *In re Rodman*, 106 USPQ 142, 144, 145 (CCPA 1955).
